The purpose of this educational offering is to recognize the impact of trauma on individuals, families and health care professionals.

The committee is applying for six contact hours for this continuing nursing education activity with the North Dakota Board of Nursing.

**Conference Objectives**

Upon completion of this program, the participants will be able to:

1. Identify safe patient removal from a vehicle and reasons for modifying a vehicle.
2. Describe the role of the nurse when caring for families who experience the loss of a child.
3. Explain the role of the nurse when dealing with critical burns and the impact they have on the patient’s life.
4. Define flight physiology and flight stressors that impact crew members, patients, and families.
5. Discuss the steps of debriefing after trauma and recognize the value of debriefing.
6. Identify emerging trends and treatments for the trauma patient.
7. Recognize ways to improve communication with family members of patients with traumatic injuries.
8. Explain the role of the Sexual Assault Nurse Examiner in minimizing trauma and promoting healing.
